

**WORLD
AQUATICS**

COMPETITION REGULATIONS

In force as from 5 July 2023

while within the 6 metre area.

- 8.8** To play or touch the ball with two hands at the same time, unless by the goalkeeper while within the 6 metre area.
- 8.9** To push or push off from an opponent who is not holding the ball.
- 8.10** To be within the opponent's goal area except when behind the line of the ball. It shall not be an offence if a player is inside the 2 metre line but outside the goal area. Any player who is behind the line of the ball can enter the goal area to receive the ball. Any player inside the goal area who does not shoot but passes the ball backwards has to leave the goal area immediately to avoid being sanctioned under this rule.
- 8.11** To take a free throw, goal throw, corner throw or a penalty throw other than in the prescribed manner except under the circumstances provided by VI 12.2 and VI13.4.
- 8.12** For a team to retain possession of the ball without shooting at the opponent's goal for more than: (i) 30 seconds of actual play, or (ii) 20 seconds in the case of an exclusion, corner throw or rebound to the attacking team after a shot, including after a penalty shot.

The timekeeper recording the possession time shall reset the clock:

- (a) when the ball has left the hand of the player shooting at goal. If the ball rebounds into play from the goal post, crossbar, a player or the goalkeeper, the possession time shall not recommence until the ball comes into the possession of one of the teams. The clock shall be reset to 20 seconds if the ball comes into possession of the attacking team. It shall be reset to 30 seconds if it comes into possession of the defending team;
- (b) when the ball comes into the possession of the defending team, the clock shall be reset to 30 seconds.
- (c) when the ball is put into play following the award of an exclusion foul to the defending player, the clock shall be reset to 20 seconds unless there are more than 20 seconds of possession time remaining, in which case the time shall continue and not be reset;
- (d) when the ball is put into play following the taking of a penalty throw without a change of possession or, corner throw,

the clock shall be reset to 20 seconds;

(e) when the ball is put into play following the award of a penalty throw with a change of possession, a goal throw or neutral throw, the clock shall be reset to 30 seconds. Visible clocks shall show the time in a descending manner (that is, showing the possession time remaining).

8.13 To waste time.

8.14 To simulate being fouled.

8.15 To go under the water to gain positional advantage.

9. EXCLUSION FOULS

9.1 It shall be an exclusion foul to commit any of the following offences (VI 9.4 to VI 9.18) which shall be punished (except as otherwise provided by the Rules) by the award of a free throw to the opposing team and the exclusion of the player who committed the foul.

9.2 An excluded player, including a player excluded for the remainder of the game, must immediately leave the field of play, not leaving the water, and move to the exclusion re-entry area (visibly rising to the surface of the water and, if applicable, touch hands above the water with the substitute) nearest to the player's own goal line without interfering with the play.

9.3 The excluded player or a substitute shall be permitted to re-enter the field of play from the re-entry area nearest to the player's own goal line after the earliest occurrence when:

(a) 20 seconds of actual play have elapsed, at which time the secretary shall raise the appropriate flag;

(b) a goal has been scored; an excluded player or a substitute may re-enter the field of play from any place.

(c) the excluded player's team has retaken possession of the ball during actual play, at which time the defensive referee shall signal re-entry by a hand signal;

(d) the excluded player's team is awarded a free throw, a goal throw or a penalty throw.

The excluded player or a substitute shall not be permitted to:

- (i) jump or push off from the side or wall of the pool or the field of play;
- (ii) affect the alignment of the goal;
- (iii) enter for an excluded player until that player has reached the exclusion re-entry area nearest to the player's own goal line except between periods, after a goal, or during a timeout. These provisions shall also apply to the entry of a substitute when the excluded player has received three personal fouls or has otherwise been excluded from the remainder of the game in accordance with the Rules.

- 9.4** For a player to leave the water or sit or stand on the steps or side of the pool during play, except in the case of accident, injury, illness or with the permission of a referee. An excluded player who leaves the water (other than following the entry of a substitute) shall be deemed guilty of an offence under VI.9.13 (Misconduct).
- 9.5** To interfere with the taking of a free throw, goal throw or corner throw, including: (a) intentionally to throw away or fail to release the ball to prevent the normal progress of the game; (b) any attempt to play the ball before it has left the hand of the thrower.
- 9.6** To attempt to block a pass or shot with two hands outside the 6 metre area.
- 9.7** To intentionally splash in the face of an opponent.
- 9.8** To impede or otherwise prevent the free movement of an opponent who is not holding the ball, including swimming on the opponent's shoulders, back or legs. "Holding" is lifting, carrying or touching the ball but does not include dribbling the ball.
- 9.9** To hold, sink or pull back an opponent who is not holding the ball.
- 9.10** Anywhere in the field of play, to use two hands to hold an opponent not holding the ball.
- 9.11** Tactical foul. Anywhere in the field of play, for a defending player to commit a foul on any player of the team in possession of the ball with the intent to stop the flow of the attack. This kind of foul is called a tactical foul.
- 9.12** To make disproportionate movements including kicking and striking.

9.13 To be guilty of misconduct, including the use of unacceptable language, aggressive play, refusing obedience to or showing disrespect for a referee or official, or behaviour against the spirit of the Rules and likely to bring the game into disrepute.

9.13.1 Should this occur during the game, the offending player shall be excluded from the remainder of the game, with substitution after the earliest occurrence referred to in VI.9.3, and must leave the competition area.

9.13.2 Should the incident occur during the interval between periods, during a timeout, or after a goal, the player shall be excluded for the remainder of the game and a substitute shall be eligible to re-enter immediately prior to the restart of the game and play will restart in the normal manner.

9.13.3 When one or more players of a team persist in repeated fouls other than aggressive play or misconduct or protest referees' or officials' decisions without the use of unacceptable language, the referee may show a yellow card to the offending team. Should the action continue, the referee will issue the offending player of the same team with a red card excluding the player for the remainder of the game according to VI.9.13 (misconduct).

9.14 To commit a violent action, including kicking, striking, or attempting to kick or strike with malicious intent an opponent or official, whether during actual play, during any stoppages, timeouts, after a goal has been scored or during intervals between periods of play. If the offending player is the goalkeeper, a substitute goalkeeper may be changed for another player in accordance with VI.2.6.

9.14.1 Should this occur during the game, the offending player shall be excluded for the remainder of the game and must leave the competition area and a penalty throw awarded to the opposing team. The offending player may be substituted when four minutes of actual play have elapsed.

9.14.2 Should the incident occur during any stoppage, timeout, after a goal or interval between periods of play, the player shall be excluded for the remainder of the game and must leave the competition area. No penalty throw shall be awarded. The offending player may be substituted when four minutes of actual play have

elapsed. Play will restart in the normal manner.

9.14.3 If the referees call violent actions simultaneously on players of opposing teams during play, both players are excluded for the remainder of the game with substitution when four minutes of actual play have elapsed. The team, which had possession of the ball, will first shoot a penalty throw followed by the other team shooting a penalty throw. After the second penalty throw, the team, which had possession of the ball, will restart play with a free throw on or behind the half distance line.

9.15 In the case of simultaneous exclusion of players of opposing teams during play, both players are excluded for 20 seconds until the earliest occurrence referred to in VI.9.3 or at the next change of possession. The possession clock is not reset. Play is restarted with a free throw to the team which had possession of the ball. If neither team had possession when the simultaneous exclusions were called, the possession clock is reset to 30 seconds and play shall be restarted with a neutral throw. Both players excluded under this Rule, shall be permitted to re-enter at the next earliest occurrence referred to in VI.9.3 or at the next change of possession.

9.16 For an excluded player to re-enter or a substitute to enter the field of play improperly, including not following VI.2.6, VI.2.7 and VI.9.3. This player receives only one personal foul, which should be marked by the secretary as an exclusion foul.

9.16.1 If this offence is committed by a player of the team not in possession of the ball, the offending player shall be excluded and a penalty throw also awarded to the opposing team.

9.16.2 If this offence is committed by a player of the team in possession of the ball, the offending player shall be excluded and a free throw awarded to the opposing team.

9.17 To interfere with the taking of a penalty throw. The offending player shall be excluded from the remainder of the game with substitution after the earliest occurrence referred to in VI.9.3 and the penalty throw shall be maintained or re-taken as appropriate. The referees may use the VAR system to determine if there has been interference with the penalty throw. This offence may occur before the taking of the throw or after the whistle by the referee.

9.18 For the defending goalkeeper to fail to take up the correct position on the goal line at the taking of a penalty throw having been ordered once to do so by the referee. Another defending player may take the position of the goalkeeper but without the goalkeeper's privileges or limitations.

10. PENALTY FOULS

10.1 It shall be a penalty foul to commit any of the following offences (VI.10.2 to VI.10.11) which shall be punished by the award of a penalty throw to the opposing team. The referee can delay whistling and wait to see if the attacking player scores a goal in the same action. If the player does not score, the referee should sanction the penalty. The referee may raise an arm indicating a possible penalty.

10.2 For a goalkeeper or defending player to commit any foul within the 6 metre area if a goal would probably have resulted, including VI.10.4 to VI.10.7.

10.3 For an excluded player intentionally to interfere with play, including affecting the alignment of the goal. If the excluded player does not commence leaving the field of play almost immediately, the referee may deem this to be intentional interference under this Rule.

10.4 For a goalkeeper or defending player to pull over, pull down or otherwise displace the goal.

10.5 Within the 6 metre area, for a defending player to attempt to block a pass or shot with two hands.

10.6 Within the 6 metre area, for a defending player to play the ball with a clenched fist.

10.7 Within the 6 metre area, for a goalkeeper or defending player to take the ball under the water when tackled.

10.8 For a player or substitute who is not entitled under the Rules to participate in the play at that time to enter the field of play. Also, the offending player shall be excluded from the remainder of the game with substitution. The substitute may enter the field of play after the earliest occurrence referred to in VI. 9.3.

10.9 For the coach, or any team official, of the team not in possession of the ball to request a timeout. No personal foul shall be recorded for

this offence.

10.10 For the coach or any team official, or player to take any action with intent to prevent a probable goal or to delay the game, including:

- a) a defending player deliberately throwing the ball away before the attacking team can take a free throw
- b) a defending player, after a free throw outside the 6 metre line, deliberately pushing the ball inside 6 metre line, to avoid a direct shot.

No personal foul shall be recorded for this offence by the coach or any team official.

10.11 For a defending player to impede an attacking player from behind within the 6 metre area when the attacking player is facing the goal and making a shooting action, unless the defending player makes contact only with the ball. If the defending player's foul, described in this Rule, prevents the attacking player from scoring, a penalty must also be called. The referee must delay the call of penalty until the shot or attempted shot is completed and must award a penalty unless the attacking player scores.

10.12 If, in the last minute of the game, a penalty throw is awarded to a team, the coach may elect to maintain possession of the ball and be awarded a free throw. The timekeeper recording possession time shall reset the clock to 30 seconds, and the game will be restarted as after a timeout.

It is the responsibility of the coach to give a clear signal without delay if the team wishes to maintain possession of the ball in accordance with this Rule.

11. FREE THROWS

11.1 A free throw shall be taken at the location of the ball, unless, after a foul committed by a defending player, the ball is inside the goal area. Then the free throw shall be taken on the 2 metre line opposite to the location of the ball. If the ball is outside of the goal area at the moment that the foul is awarded, the free throw shall be taken from the location of the ball.

11.2 A player awarded a free throw must put the ball into play with no

undue delay, including by passing or by shooting, if permitted by the Rules. It shall be an ordinary foul if a player who is clearly in a position most readily to take a free throw does not do so. A defending player having committed a foul shall move away not less than 1 metre from the player taking the free throw before raising an arm to block a pass or shot; a player who fails to do so shall be excluded for “interference” under VI.9.5.

11.3 The free throw shall be taken with no undue delay by the player nearest to the ball in a manner to enable the players to observe the ball visibly leaving the hand of the player taking the throw, who shall also then be permitted to carry or dribble the ball before passing to another player, or to shoot, when permitted. The ball shall be in play immediately when it leaves the hand of the player taking the free throw.

11.4 A free throw is also awarded against the team which last touched the ball that went out of the side of the field of play (including the ball rebounding from the side of the field of play) except in the case of a defensive field player blocking a shot over the side of the field of play, in which case a free throw is given to the defensive team.

12. GOAL THROWS

12.1 A goal throw shall be awarded when the entire ball has passed fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by any player other than the goalkeeper of the defending team.

12.2 The goal throw shall be taken according to VI.11.3 without undue delay by any player of the team from anywhere within the 2 metre area or where the ball is, if outside 2 metres. A goal throw not taken in accordance with this Rule shall be retaken.

13. CORNER THROWS

13.1 A corner throw shall be awarded when the entire ball has passed fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by the goalkeeper of the defending team or when a defending player deliberately sends the ball over the goal line.

13.2 The corner throw shall be taken according to VI.11.3 without undue

delay by a player of the attacking team from the 2 metre mark on the side nearest to which the ball crossed the goal line. The throw does not need to be taken by the nearest player.

13.3 At the taking of a corner throw, no players of the attacking team shall be within the goal area.

13.4 A corner throw taken from the wrong position or before the players of the attacking team have left the goal area shall be retaken.

14. NEUTRAL THROWS

14.1 A neutral throw shall be awarded when:

(a) at the start of a period, a referee is of the opinion that the ball has fallen in a position to the definite advantage of one team;

(b) one or more players of opposing teams commit an ordinary foul at the same moment which makes it impossible for the referees to distinguish which player offended first;

(c) both referees blow their whistles at the same moment to award ordinary fouls to the opposing teams;

(d) neither team has possession of the ball and one or more players of opposing teams commit an exclusion foul at the same moment. The neutral throw shall be taken after the offending players have been excluded;

(e) the ball strikes or lodges in an overhead obstruction.

14.2 At a neutral throw, a referee shall throw the ball into the field of play at approximately the same lateral position as the event occurred in such a manner as to allow the players of both teams to have an equal opportunity to reach the ball. A neutral throw awarded within the goal area shall be taken on the 2 metre line.

14.3 If at a neutral throw the referee is of the opinion that the ball has fallen in a position to the definite advantage of one team, the referee shall call for the ball and retake the throw.

15. PENALTY THROWS

15.1 A penalty throw shall be taken by any player of the team to which it is awarded from any point on the opponents' 5 metre line.

15.2 All players shall leave the 6 metre area and shall be at least three

metres from the player taking the throw. On the 6 metre line, on each side of the player taking the throw, one player of the defending team shall have the first right to take position. The defending goalkeeper shall be positioned between the goal posts with no part of the goalkeeper's body beyond the goal line at water level. The referees can give one warning to the players or the goalkeeper to take up the correct position. If that person does not do so, the player or goalkeeper shall be excluded and shall re-enter in accordance with VI.9.3.

- 15.3** When the referee controlling the taking of the throw is satisfied that the players are in their correct positions, the referee shall signal for the throw to be taken, by whistle and by simultaneously lowering the arm from a vertical to a horizontal position.
- 15.4** The player taking the penalty throw shall have possession of the ball and shall immediately throw it with an uninterrupted movement directly at the goal. The player may take the throw by lifting the ball from the water or with the ball held in the raised hand and the ball may be taken backwards from the direction of the goal in preparation for the forward throw, provided that the continuity of movement shall not be interrupted before the ball leaves the thrower's hand.
- 15.5** If the ball rebounds from the goal post, crossbar or goalkeeper it remains in play and it shall not be necessary for another player to play or touch the ball before a goal can be scored.

15.6 If at precisely the same time as the referee awards a penalty throw the timekeeper whistles for the end of a period, all players except the player taking the throw and the defending goalkeeper shall leave the water before the penalty throw is taken. In this situation, the ball shall immediately be dead should it rebound into play from the goal post, crossbar or the goalkeeper.

16. PERSONAL FOULS, YELLOW AND RED CARDS

16.1 A personal foul shall be recorded against any player who commits an exclusion foul or penalty foul. The referee shall indicate the offending player's cap number to the secretary.

16.2 Upon receiving a third personal foul, a player shall be excluded from the remainder of the game with substitution after the earliest occurrence referred to in VI.9.3. If the third personal foul is a penalty foul, the entry of the substitute shall be immediate.

16.3 The referee, if necessary, must use Yellow and Red Cards to control the Team Officials and Substitute Players on the Team Bench as well as the players in the water. The use of Yellow and Red Cards applies to all World Aquatics Water Polo Competitions and will be administered as follows:

16.3.1 The issuing of a Yellow Card by the referee is an official warning to the Head Coach of the team.

16.3.2 The subsequent issuing of a Red Card by the referee is the signal that the Head Coach and/or other Team Official(s) and/or player(s) on the bench must leave pool area immediately. Should the actions of the Head Coach require it, the referee may issue a Red Card, without having issued a Yellow Card.

16.3.3 When the Head Coach is excluded from the game, another Team Official may replace the Head Coach, however without the privileges of the Head Coach. The Team Official is not allowed to stand and move away from the team bench but can ask for a timeout according to the Rules. During a timeout or after a goal, before the restart of the match, the Team Official may move freely along the side of the pool to the half distance line to instruct the team.

16.3.4 During the match, when a team member inside the water commits an act of misconduct, the referee must show a Red Card to the player accompanied by the appropriate sanction.

16.3.5 A referee may issue a Yellow Card, if, in the referee's opinion, a player persists in playing in an unsporting manner or engages in simulation (VI.8.4). The referee shall show a Yellow Card to the offending team and point to the offending player. Should the action continue, the referee will show the player a Red Card visible to both the team and the official table as this is deemed to be misconduct (VI.9.13).

16.3.6 Team members committing an act of misconduct will be punished according to VI.9.13 and must leave the pool area immediately.

16.3.7 For any offense potentially leading to a player or team official being excluded from the remainder of a game, the Management Committee of the tournament shall assess all circumstances of the offense, in particular its gravity, and decide whether the player or team official shall be excluded from additional games in the tournament within 24 hours after the end of the game, with notification to the player, team official and team. The Management Committee shall also refer the matter to the Aquatics Integrity Unit if they consider that consequences beyond the tournament should be considered. For the sake of clarity, the Management Committee is entitled to review official video of any match of the tournament to decide whether the player or coach shall be excluded from other games in the tournament, regardless of whether or not the offense was sanctioned by the referee during the match.

If a team official is suspended from a specific match, the team shall have the number of team officials on the bench reduced accordingly; provided that there is at least one (1) team official on the bench.

If a player is suspended from a specific match, the team can have 13 players for the next game(s), provided that they are registered at the team list for the specific World Aquatics event and they don't have any suspension at that moment.

17. ACCIDENT, INJURY AND ILLNESS

17.1 A player shall only be allowed to leave the water, or sit or stand on the steps or side of the pool during play in the case of accident, injury, illness or with the permission of a referee. A player who has left the water legitimately may re-enter from the team's exclusion re-entry area at an appropriate stoppage, with the permission of a referee.

17.2 If a player is bleeding, the referee shall immediately order the player out of the water with the immediate entry of a substitute and the game shall continue without interruption. After the bleeding has stopped, the player is permitted to be a substitute in the ordinary course of the game.

17.3 If accident, injury or illness, other than bleeding, occurs, a referee, at the referee's discretion, may suspend the game for not more than three minutes, in which case the referee shall instruct the timekeeper as to when the stoppage period is to commence.

17.4 Should the game be stopped through accident, injury, illness, bleeding or other unforeseen reason, the team in possession of the ball at the time of the stoppage shall put the ball into play at the place of stoppage when the play is resumed.

17.5 Except in the circumstances of VI.17.2 (bleeding), the player shall not be allowed to take further part in the game if a substitute has entered.

17.6 If the referee or VAR assistant referee or delegate, suspects that a violent action may have occurred, the referees may review VAR according to the VAR protocol. (Appendix 7).

17.7 Medical and Safety specific requirements for Water Polo

Water Polo is a contact sport. The incidence of traumatic injuries is the highest of the World Aquatics Sport. Therefore, the Medical Team shall be ready to address some specific issues.

17.7.1 Traumatic Injury

Contact injuries in water polo are high. Therefore, the Chief Medical Officer (CMO) or Venue Medical Officer (VMO) should have the proper medical kit to manage traumatic injuries, which should include suture material and/or skin glue, as a bleeding athlete will

not be allowed back in the water (VI.17.2).

In addition, ice packs should be available during matches.

Lifeguards and the FoP medical team should be trained in trauma recognition and deep water extractions.

17.7.2 Dental program

While a dental program is not mandatory at World Aquatics Events, the availability of such medical service should be considered by LOC for major competitions.

The objective of a dental program is:

- to provide the treatment required to allow an athlete with an oro-facial injury to return to play as soon as is safe to do so, or
- to treat and stabilise the injury prior to referral.

If there is no venue dentist, a dentist should be identified to be 'on call' for emergency access during the Event.

17.7.3 Water Rescue and Lifeguards

Lifeguards should practice water retrieval on a daily basis during the event. In Water Polo, it is important to remember that the Field of Play is divided by the lane ropes that could block the access to the player during the water rescue. This point must be taken into consideration while practicing and the extraction point should be adjusted.

18.3 Equipment for Water Polo facilities

18.3.1 Markings

Distinctive marks shall be provided on both sides of the field of play to denote the goal lines, lines 2.0 metres and 6.0 metres from that line and half the distance between the goal lines. These markings shall be clearly visible throughout the game.

The white marker shall be measured from the anchor point and will be 0.3 metres to line up with the front of the edge of the goal line. This shall be consistent at both ends of the field.

The 2 metre red marker shall be measured from the front end of the goal line extending into the field of play. This shall be consistent at both ends of the field of play.

The yellow marker shall then extend 4 metre from the 2 metre marker into the field of play. There will be a red marker placed 5 metre from the front end of the goal line. This shall be consistent at both ends of the field of play.

- after three (3) minutes, the secretary should signal the re-entry of a substitute for a player who has committed brutality by raising the yellow flag along with the appropriate coloured flag.
- to keep track of personal fouls, team fouls, and to indicate when a bonus penalty foul is called by a suitable audible signal (e.g., whistle or electronic signal). To record the time and the player's cap number when a goalkeeper is substituted.
- to control the 'Alternating Possession System' for awarding free throws for neutral throw situations. (19.15.1).

- in the case of the simultaneous award by the referee of a penalty throw, in which event the penalty throw shall be taken.
- if the ball is in flight and crosses the goal line, in which event

any resulting goal shall be allowed.

19.7 Referee

19.7.1 The referee has absolute jurisdiction over the game, from the time the teams enter the playing area until they leave. All decisions are final and have to be accepted by all players and coaches. The referee may alter a decision, as long as this is done before the ball is back in play.

19.7.2 The referee shall whistle to start the game and to declare goals, goal throws, corner throws, neutral throws, and infringements of the rules.

19.7.3 The referee can apply the advantage rule so as not to favour the team that has committed the offence and should not stop play unless it is absolutely necessary.

19.7.4 The referee has the power to order any player from the water in accordance with the rules. If a player refuses to obey the referee's instructions, the match shall be abandoned and the game awarded five (5) goals to zero (0) to the opposing team.

19.7.5 The referee shall have the power to order the removal from the precincts of the pool any player, substitute, spectator or official whose behaviour prevents the referee from carrying out their duties in an impartial manner.

19.7.6 The referee shall have the power to abandon the game at any time if the referee believes that behaviour of players or spectators, or any other circumstances, prevent the match from taking place in a fair and correct manner. If the game has to be abandoned, the referee shall report their actions to the competent authority.

19.8 Duration of the Game

19.8.1 The duration of the game shall be four (4) periods of five (5) minutes each of actual play. Time shall commence at the start of each period when a player touches the ball. At all signals for stoppages, the recording watch shall be stopped until the ball is put back into play by the ball leaving the hand of the player taking the appropriate throw or when the ball is touched by a player following a neutral throw.

19.8.2 There shall be a two (2) minute interval between the 1st/2nd & 3rd/4th periods, and a three (3) minute interval at half time. The teams, including the players, coaches and officials, shall change ends at half time (VI.19.5.3).

19.8.3 Every game that is drawn at the end of the four periods of play will be decided by conducting a penalty shoot-out in the same manner as the Water Polo Rules. The goalkeeper can be one of the shooters. The goalkeeper can be substituted only when the goalkeeper is excluded for the remainder of the game for misconduct, violent action, or injury. Immediately after the goalkeeper is excluded, the substitute goalkeeper cannot have the goalkeeper's privileges for the first penalty throw taken after the offence.

The three players nominated will required to be listed in order and that order will determine the sequence, which cannot be changed.

No players excluded for remainder of the game are eligible to be listed among those players to shoot.

Shots will be taken alternately at either end of the pool, unless conditions at one end of the field of play advantage or disadvantage a team, in which case all shots may be taken at the same end. All players taking the shots will remain in the water in front of their pontoon and the other players will be required to be seated on the team's pontoon. If the goalkeeper is excluded during the penalty shoot-out, a player from the nominated three players may substitute for the goalkeeper but without the privileges of the goalkeeper.

Following the taking of the penalty shot, the player may be substituted by another player or goalkeeper. If a field player is excluded during the penalty shoot-out, the player's position is removed from the list of the three players participating in the penalty shoot-out, and a substitute player is placed in the last position of the list.

The team to shoot first will be determined by the toss of a coin.

Should teams still be tied following the completion of the initial three penalty shots, the same three players shall then take alternate shots until one team misses and the other scores.

19.8.4 Any visible clock shall show the time in descending manner.

19.8.5 If a game (or part of a game) must be replayed, then goals, personal fouls and time outs that occurred during the time to be replayed are deleted from the game score sheet, however brutality, misconduct, and any red card exclusions are recorded on the game score sheet.

19.8.6 (Mercy Rule) After half time, if the goal difference between the two team is 10 or more, the game will be declared finished and the leading team the winner.

19.9 Time outs

19.9.1 Each team may request two timeouts per game.

19.9.2 A time out may be requested at any time by the coach of the team in possession of the ball except when a penalty foul is called. The coach shall call “time out” and signal to the referee or secretary with hands forming a T- shape. If a time out is requested, the secretary or referee shall immediately stop the game by whistle and players shall return to their respective halves of the field of play.

19.9.3 Play shall be restarted upon the whistle of the referee by the team in possession of the ball putting the ball into play on or behind the half distance line.

The possession clock continues from the recommencement of play after the time out.

19.9.4 If the coach in the possession of the ball requests an additional time out to which the team is not entitled, the game shall be stopped and play shall then be restarted by a player of opposing team putting the ball into play at the half distance line.

If the coach of the team not in possession of the ball requests a time out, the game shall be stopped and a penalty throw awarded to the opposing team.

19.10 The Start of Play

19.10.1 The first team listed in the official program will wear white

or light colour caps, or the caps reflecting the colour of their country and will start the game to the left of the official table. The other team will wear blue or dark colour caps, or caps of a contrasting colour and will start the game to the right of the official table.

19.10.2 At the start of each period, both teams will line up on their side of the playing area. When the referee is satisfied both teams are ready the referee shall blow the whistle to start and then throw the ball into play on the half distance line.

19.10.3 If the ball is thrown giving one team a definite advantage, the referee shall call for the ball and award a neutral throw on the half distance line.

19.11 Scoring

19.11.1 A goal shall be scored when the entire ball has passed fully over the goal line, between the goal posts and underneath the crossbar.

19.11.2 A goal can be scored with any part of the body except the clenched fist.

19.11.3 A goal can be scored from inside five (5) metres only if two players from either team intentionally play or touch the ball after the start of play.

19.11.4 A goal may be scored by a player by a shot from a free throw awarded and taken outside the five (5) metre area after fake or dribble or putting the ball on the water.

[Note: when the player is not shooting directly, the ball must be put in play as described in the rules before faking and dribbling]

19.11.5 A goal may be scored by a player after visibly putting the ball in play outside of five (5) metre line when the foul is called outside of five (5) metre line, goal throw (either directly or after putting the ball in play), or a free throw thrown by a player into the player's own goal.

19.11.6 A goal shall be scored if, at the expiration of twenty (20) seconds possession or at the end of a period, the ball is in flight and enters the goal.

19.12 Restarting after a goal

19.12.1 The goalkeeper shall put the ball into play from the two (2) metre line or behind immediately after a goal has been scored. The timekeeper shall stop the game clock after a goal is scored, and will restart it when the ball is put into play for restart.

19.13 Goal Throw

19.13.1 A goal throw shall be awarded when the entire ball has passed fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by any player.

19.13.2 The goal throw shall be taken by any player of the team from anywhere within the 2metre area.

19.14 Corner Throw

19.14.1 No corner throws shall be applied in Beach Water Polo.

19.15 Neutral Throw

No neutral throws shall be taken, and if neutral throw situation occurs, "The Alternating Possession System" shall be applied in the following way:

The team that wins the swim-up of the first period loses the first neutral throw.

For subsequent neutral throw situations, free throws shall be awarded to the teams alternately. The team entitled to the next free throw shall be indicated by the alternating possession arrow in the direction of the opponent's goal. The direction of the alternating possession arrow shall be reversed immediately when the alternating possession free throw is taken.

19.16 Free Throw

19.16.1 A free throw shall indicate that a foul has been committed. The free throw shall be taken from the location of the ball, except a) if the foul is committed by a defending player within the defender's BWP Goal Area, the free throw shall be taken on the two (2) metre line opposite to where the foul was committed and b) where otherwise provided for in the Rules.

19.16.2 The free throw shall be taken from the location of the ball

by the player of the team who is the nearest to the ball. When there is a counter attack, a player with advantage does not have to give up the advantage to go to the ball and take the free throw or goal throw. Another player of that team can take the throw as long as there is no undue delay.

19.16.3 The free throw must be taken in such a manner so as to enable all the other players to see that the throw has been taken. The player can either throw the ball up into the air or let it fall on to the water.

19.16.4 The time allowed for a player to take a free throw shall be at the discretion of the referee. It shall be reasonable and without undue delay but does not have to be immediate. It shall be an offence if a player who is clearly in a position most readily to take a free throw does not do so.

19.17 Ordinary Fouls

19.17.1 The penalty for an ordinary foul shall be a free throw awarded to the opposing team.

19.17.2 The referee must award ordinary fouls in accordance with the rules to enable the attacking team to develop an advantage situation.

19.17.3 It shall be an ordinary foul to commit any of the following offences:

- a)** to start the swim off before the referee's whistle is blown;
- b)** to assist or push a player at the start of a period or at any time during the game;
- c)** to hold on or push off equipment or structures around the field of play or the goal posts;
- d)** To take or hold the entire ball under the water when tackled, or to deliberately hide it from the opposing team
- e)** to touch the ball with two hands at the same time, except for the goalkeeper within the team's own five (5) metre area;
- f)** to push or push off from an opponent who is not holding the ball;

- g)** for another member of the team in whose favor a free throw has been awarded to commit another ordinary foul before the free throw is taken;
- h)** during the game, players are free to take up any position in the field of play with the exception that no attacking player may enter the space between the goal posts and closer than two (2) metres from the goal line, with or without the ball (the BWP Goal Area).
- i)** to take a penalty throw not in accordance with the manner prescribed in 19.20.5.
- j)** to send the ball over the buoys delineating the sides of the field of play (the ball remains in play if it just touches the sides of the field of play);
- k)** for a goalkeeper to touch the ball with two hands at the same time outside the goalkeeper's five (5) metre area;
- l)** for a team to retain possession of the ball for more than twenty (20) seconds of actual play without shooting at their opponent's goal. The timekeeper recording the possession time shall reset the clock: when the ball has left the hand of the player shooting at goal. If the ball rebounds into play from the goal, crossbar or the goalkeeper, the possession time shall not:
 - m)** recommence until the ball comes into the possession of one of the teams;
 - n)** when the ball comes into the possession of the opposing team. Possession shall not include merely being touched in flight by an opposing player;
 - o)** when the ball is put into play following the award of an exclusion foul, penalty foul, goal throw, corner throw or neutral throw;
- p)** Visible clocks shall show the time in a descending manner (show the possession time remaining).
- q)** To simulate being fouled. [NOTE: Simulation means an action taken by a player with the apparent intent of causing a referee to award a foul incorrectly against an opposing player. A

referee may issue a yellow card against a team for repeated simulation and may apply VI.9.13 (persistent fouling) to sanction offending players.]

r) To go under the water to gain positional advantage.

19.18 Exclusion Fouls

19.18.1 It shall be an exclusion foul to commit any of the following offences which shall be punished (except in the case of penalty throw) by the award of a free throw to the opposing team. The excluded player shall touch that part of the goal line indicated by red buoy and re-join play immediately. A penalty will be awarded against the team of that player who, when leaving the playing area after being excluded, interferes with play. The excluded player may be substituted by leaving the field of play at that part of the goal line indicated by the red buoy (the touching corner). The substitute may enter the field of play from the touching corner as soon as the player has visibly risen to the surface of the water within the touching corner area and touched hands above the water with the substitute.

19.18.2 For a player to leave the water during play, except in the case of accident, and injury, or with the permission of the referee.

19.18.3 To interfere with the taking of a free throw or goal throw intentionally pushing the ball away to delay the throw any attempt to play the ball before it leaves the hand of the player taking the throw.

19.18.4 To intentionally splash water in the face of an opponent outside the five (5) metre line. The punishment for intentionally splashing an opponent is exclusion under 19.18.1

19.18.5 To hold, sink or pull back an opponent who is not holding the ball.

19.18.6 To impede an opponent's movement who is not in possession of the ball.

19.18.7 To kick or strike an opponent intentionally or make disproportionate movement with that intent.

19.18.8 Upon a change of possession, for a defending player to commit a foul on any player of the team in possession of the ball with the intent to stop the flow of the attack, anywhere in the field of play. This kind of foul is called a tactical foul.

19.18.9 To be guilty of misconduct, including the use of unacceptable language, violent or persistent foul play, to refuse obedience or show disrespect to the referee or official, or behaviour against the spirit of the rules and likely to bring the game into disrepute. While substitution for a player who has been excluded for the remainder of the game due to misconduct can be made immediately in BWP rules, the player who has been excluded for the remainder of the game due to misconduct will have to leave the field of play from the touching corner first, and then the substitute can enter the field of play immediately thereafter.

19.18.10 To commit a violent action against an opponent or official, during the game. The offending player shall be excluded from the remainder of the game with substitution after three (3) minutes and a penalty throw awarded to the opposing team.

No penalty throw shall be awarded against a violent action committed during an interval or stoppage.

19.18.11 For an excluded player to re-enter or a substitute to enter the playing area improperly, including: from any place other than the player's own re-entry area by affecting the alignment of the goal entering the field of play before the player who is being substituted leaves the field of play

19.18.12 To interfere with the taking of a penalty throw, in which case the player excluded can only re-enter the field of play after the penalty throw has been taken. Players have to be at least three (3) metres away from the player taking the penalty throw.

19.18.13 The defending goalkeeper, after having been warned by the referee, for not positioning correctly on the goal line before the

taking of a penalty throw. Another defending player may take the position of the goalkeeper but without the privileges of the goalkeeper.

A goalkeeper who is excluded before a penalty throw, cannot return to the field of play immediately after touching the corner area, but has to leave the field of play and wait in the touching corner. The goalkeeper shall be able to return to play only after the penalty shot has been taken, which means the ball is released from the thrower's hand.

19.18.14 If two players from opposing sides commit simultaneous exclusion fouls, both players will be excluded. The ball possession will be maintained, and the attacking team shall restart the game with a free throw. Possession time shall be maintained and shall not be reset.

The game will restart when both of the excluded players have returned to their touching corners. Both players or substitutes will then be allowed to return to the field of play upon a change of the possession, or after a goal. If the excluded players are substituted, substitutions have to be made outside of field of play at the touching corner after touching hands with the both players.

19.18.15 A player who has committed five (5) personal fouls shall be excluded for the remainder of the game.

19.19 Penalty Fouls

19.19.1 It shall be a penalty foul to commit any of the following offences which shall be punished by award of a penalty throw to the opposing team. The referee will indicate that a penalty throw has been awarded by blowing the whistle and raising the arm with five fingers. The referee must delay the call of penalty until the shot or attempted shot is completed. In such case, the referee may raise his/her arm indicating a possible penalty.

19.19.2 For a defending player to commit any foul within the five (5) metre area but for which a goal would probably have resulted, including: sink or displace the goals for a defending player to play the ball with clenched fist for the goalkeeper or another player to take the ball under the water when tackled within 5m area but outside the BWP Goal Area to splash in the face of an opponent intentionally

who is inside the five (5) metre area and is attempting to shoot at goal.

19.19.3 For a defending player within the 5-metre area to kick or strike an opponent or to commit a violent action. In the case of a violent action, the offending player shall also be excluded from the remainder of the game with substitution after three (3) minutes.

19.19.4 For an excluded player intentionally to interfere with play, including affecting the alignment of the goal.

19.19.5 For a player or substitute who is not entitled under the Rules to participate in the play at that time to enter the field of play. The offending player shall also be excluded from the remainder of the game with substitution.

19.19.6 For the coach, any team official, or player to take any action with intent to prevent a probable goal or to delay the game, including:

- If a defending player deliberately throws the ball away before the attacking team can take a free throw
- If a defending player, after a free throw outside the five (5) metre line, deliberately pushes the ball inside five (5) metre line, to avoid a direct shot.

No personal foul shall be recorded for this offence for the coach or any team official.

19.19.7 For a player or substitute, of the team not in possession of the ball, to enter the field of play improperly.

19.19.8 If, in the last minute of the game a penalty throw is awarded to a team, the coach may elect to maintain possession of the ball and be awarded a free throw. The timekeeper recording possession time shall reset the clock.

19.19.9 Inside the 5 metre area, when a player, in a “probable goal situation”, is swimming with and/or is holding the ball and is impeded (attacked) from behind during an attempt to shoot, a penalty foul must be awarded. [Note: unless only the ball is touched by the defender]

19.19.10 Bonus penalty throws shall be awarded at every 4th personal foul (Team Fouls) per period. At the fourth personal foul per team in a period, a bonus penalty throw shall be awarded to the other team, and the player who has committed the foul shall move to touching corner of the player's team outside the field of play until the penalty throw is taken. In this case, no substitution shall be allowed before the penalty throw is taken. If the 4th personal foul is a penalty foul, only 1 penalty throw shall be awarded to the other team. If the penalty throw results in a goal, the team who has taken the penalty throw shall be allowed to have a new consecutive possession of the ball starting in the same manner as restart after a timeout (19.9.3). If the penalty throw does not result in a goal, the play shall continue.

19.20 Penalty Throws

19.20.1 A penalty throw can be taken by any player of the team in favour of which the throw has been awarded. The penalty throw is taken from the five (5) metre line.

19.20.2 The defending goalkeeper shall be positioned between the goalposts with no part of the body beyond the goal line at water level.

19.20.3 All players except the player who has committed the penalty foul shall leave the five (5) metre area and shall be at least three (3) metres from the player taking the penalty throw. A player who has committed a penalty foul shall move to their team's touching corner inside of the field of play until the penalty throw is taken.

19.20.4 The referee, after seeing that all the players are in correct position, will order the taking of the penalty throw in the following manner: The raised arm will mean ready to shoot and by bringing the referee's arm from vertical to horizontal position and blowing the whistle simultaneously. The lowering of the arm at the same time as the signal by whistle makes it possible under any conditions to execute the penalty throw in accordance with the rules.

19.20.5 The player taking the penalty throw shall have possession of the ball and shall immediately throw it with an uninterrupted movement directly at the goal. The player may take the throw by

lifting the ball from the water or with the ball held in the raised hand and the ball may be taken backwards from the direction of the goal in preparation for the forward throw, provided that the continuity of movement shall not be interrupted before the ball leaves the thrower's hand.

19.20.6 If the ball rebounds from the goalpost crossbar or goalkeeper, it remains in play and it shall not be necessary for another player to play or touch the ball before a goal can be scored.

19.20.7 If, at precisely the same time as the referee awards a penalty throw, the timekeeper whistles for the end of a period, all players except the player taking the penalty throw and the defending goalkeeper shall leave the water before the penalty throw is taken. In this situation, the ball shall immediately be dead should it rebound into the field of play.

19.21 Accident and Injury

APPENDIX 6 - PENALTY SHOOT OUT

1. Officials Involved

1.1 Delegates: priority to check if the shooters can participate in PSO (no player with three (3) personal fouls or has received a red card or can no longer participate due to injury) and to control the same order of shooters (five (5) shooters) after the first round of penalties has taken place.

1.2 Referees: priority to control the field of play, benches, position of goalkeepers and shooters in the field of play.

1.3 Video Assistant Referee: goal no goal assistant if needed.

2. Procedure

2.1 If a penalty shootout (PSO) has to determine the outcome of a game (according to VI 4.3), the following procedure and protocols must be followed.

2.2 Immediately after the end of the 4th period, there is a **3-minutes break** during which the following actions need to be completed:

- a. the players leave the water and sit on their respective team benches, except for five (5) shooters from each team who will remain in the water in their respective team's half of the field of play, and the goalkeepers.
- b. the goalkeepers change ends and position themselves in the goal in the opposite team's half of the field.
- c. the referee who last officiated on the side of the team benches will call the team captains and with a coin toss will determine which team will shoot the first penalty.
- d. Assistant referees are not involved in PSO.

- 2.3** After the end of the 3-minute break, the PSO will start immediately. If a team fails to be ready on time, the team's coach shall be warned by issuing a **yellow card**. If the coach has already been warned with a yellow card, a red card shall be issued for delaying the PSO. If the head coach has already been excluded, any other bench official can only receive a red card for delaying the PSO.
- 2.4** When shooting alternately at each goal, only **one referee** will control each penalty. Referees will position themselves on the 5-metre lines at opposite ends of the field such that right-handed shooters can easily observe the referee's signals. A referee will only walk to the other end of the field if a left-handed shooter is ready to take the next penalty.
- 2.5** Multiple balls can be used for the PSO. The ball shall not be thrown from one end of the field to the other. Each side will use their own set of balls.
- 2.6** The order in which shooters of each team shall be determined is the order in which they shoot the first round of five (5) penalties. (No list of shooters needs to be written down before the start of the PSO.) The secretary shall record the numbers of the players who take the penalties and, together with the delegate, shall check that the shooters are eligible to participate in the PSO (no three (3) personal

fouls or excluded with red card, or due to injury). If the teams are tied after the first round of five (5) penalty shots, the same players shall continue in the same order as established after the first round of penalty takers.

2.7 Shots will be taken alternately at each end of the field of play, unless conditions at one end of the field of play advantage and/or disadvantage a team, in which case all shots may be taken at the same end.

3. Substituting the goalkeeper.

3.1 Substituting the goalkeeper, during the PSO, is allowed according to the following procedure (see below the green arrows):

- a. The substitute goalkeeper has to walk to the half distance line and then to swim to the goal and take the position of the first goalkeeper.
- b. The goalkeeper who is substituted must swim to the side of the jury table and and to wait out of 6 meters and outside the field of play (to be re-substituted or until the end of PSO).

4. Re-substituting the goalkeeper

4.1 It is possible to substitute the goalkeeper again during a PSO by swimming according to the green arrows below:

5. Exclusion of goalkeeper and players during penalty shoot out

5.1 If the goalkeeper is excluded during the penalty shoot out, a player from the five players in the water, may substitute for the goalkeeper but without the privileges of the goalkeeper; following the taking of the penalty shot, the player may be substituted by another player or alternate goalkeeper.

5.2 If a field player is excluded during the penalty shoot out, the player's position is removed from the sequence of the five players participating in the penalty shoot out, and a substitute player is placed in the last position of the sequence.

6. Summary

During the PSO:

1. The secretary and the delegate control the correct order of the shooters and the score.
2. The referees manage the teams.
3. No warming up is allowed during the PSO.
4. All players not involved in the PSO must sit on the bench together with the team officials.
5. During the PSO, none of the players is allowed to hang onto the line.
6. A goalkeeper can substitute by swimming, as indicated in the

PSO protocol, to the goal.

7. The substituted goalkeeper will stay in the water, out of the 6 metre line and outside the field of play.
8. Every subsequent substitution of the goalkeeper occurs in a similar manner.

APPENDIX 7 - VAR PROTOCOL

The purpose of World Aquatics VAR protocol is to provide the integrity, transparency for all Water Polo games and eliminate the failure of the human factor with the assistance of modern technology.

1. PRINCIPLES

The final decision is always made by the referees. The referee can change his/her original decision based on facts from the VAR review.

Only the referee of the match can request a review. The Video Assistant Referee and the delegate can only alert the referee to conduct a review.

The referee will stop the match at an appropriate moment, as soon as possible.

During a VAR review the referee should remain visible throughout the process.

Accuracy is more important than speed, therefore there is no time pressure to review the decision quickly.

A match is not invalidated because of malfunction(s) of the VAR technology, wrong decision(s) involving the VAR, decision(s) not to review an incident or review(s) of a non-reviewable situation.

1.1 Appropriate moment definition

- Neither team has possession of the ball
- Interval time
- Corner throw
- Team in possession of the ball has no clear advantage.
- At the latest, the review should be done after the first attack following a doubtful “GOAL / NO GOAL” situation.

2. SITUATIONS FOR REVIEW DURING THE MATCH

The use of VAR is limited to the following categories of decisions:

- Goal/ No goal.

- Goal scored at shot clock expiration or at the end of a period.
- Jury table errors and/or failures of the electronic system including time out buttons.
- When there is a shot taken at the end of a period and there is an excluded player.
- Review of a violent action situation.
- Interference with the taking of a penalty throw.

2.1 Goal/No goal situation

If the referee or VAR official has doubt about a goal/no goal situation, the referee should review the situation to assess if the ball fully crossed the goal line.

2.1.1 If a goal has been awarded:

- One of the referees of the match shall signal that the goal must be reviewed.
- One of the referees takes the ball out of the water.
- One referee, closest to the VAR monitor, reviews the situation and takes the decision to allow or disallow the goal.
- If the goal is cancelled, the former defending goalkeeper will restart the game with a free throw. The players shall be allowed to take any position in the field of play as after a timeout.
- If the goal is allowed, the game restarts according to VI.6.4

2.1.2 If a goal was not awarded:

The Referees of the match must find an appropriate moment, as quickly as possible after the situation, to review it. It should happen soon after the end of the first attack following the doubtful “GOAL/NO GOAL” situation.

After reviewing if a goal is awarded:

the game restarts according to VI.6.4 the time is reset to the moment when the goal was scored, all goals and personal fouls are nullified but all yellow and red cards, acts of violence and misconduct will remain on the match protocol.

After reviewing if a goal is not awarded:

the game restarts with a free throw taken by the team which last had possession, the time is not reset, and the players are allowed to take any position in the field of play as after a time out.

2.2 A Goal scored at the expiration of the shot clock or at the end of a period.

When a goal was scored very close to shot clock time expiration, or during the time expiration at the end of a period, the referee should check if the ball left the hand of the attacker before the time expired.

The video review will only be done immediately after a goal was scored from this shot.

If the result of the shot was a corner throw or rebound, no video review shall be done.

If this situation happens at the end of a period or end of the game, the period or the game will not be ended. After the referee has done a VAR review and made the decision public, the referees will end the period or game.

2.3 An excluded player at the end of a period

When a player is excluded at the end of a period, and at the expiration of time the attacking team shoots at the goal, the VAR equipment must be used to assess if there was a change of possession in order to determine if the following period of the match will be restarted with both teams even, or with one player still excluded.

No other situations other than mentioned in 2.2 and 2.3 can be considered for VAR review after time expires.

2.4 Technical errors by jury table officials and / or malfunctioning of electronic equipment (game clock, shot clock, time-out devices)

In situations when technical errors of the table officials or malfunctioning of electronic equipment occurs, the referee may use the VAR system to determine the correct solution for the situation.

Determining and resolving the situation shall be made before the match is restarted.

2.5 Suspicion of an incident of violence

If the referee or VAR referee or delegate suspect that a violent action may have occurred, the referees may use VAR to review the situation.

If the game is stopped at the moment of suspicion of violence:

- if a violent action was determined, the referees will sanction the incident according to the rules and the game should recommence from the time of the incident.
- If a violent action was not determined, the game will proceed according to the rules.

If the game was stopped at an appropriate moment and violent action was determined, all goals and personal fouls between the time of the incident and time of stoppage are then nullified, but all yellow and red cards, acts of violence and misconduct, will remain on the match protocol.

2.6 Interference during the taking of a penalty throw

In situations when the referees or VAR referee suspect interference during the taking of a penalty throw, the referees can use the VAR equipment to check the situation.

Based on the decision, the game continues from the appropriate moment as described in the rules.

3. REVIEW PROCESS

Step 1

a) The referee informs the VAR that a decision/incident should be reviewed (check).

b) The VAR official or delegate recommends to the referees that a decision/incident should be reviewed (check).

Step 2

The referees, if necessary, decide to stop the game to review the video at an appropriate moment (see 1.1).

Step 3

Reviewing the doubtful situation on the VAR monitor.

Step 4

The referee communicates the final decision by going to the centre of the field of play and clearly indicating the decision and how the match will continue.

The Public Announcer must announce both the stoppage of the game to review the situation as well as the referee's decision after the review. A message may be displayed on the scoreboard as well.

Step 5

Restart of the game after the final decision.

4. POSITION OF THE PLAYERS DURING A VAR REVIEW

Players must remain in their respective halves of the field of play during the VAR review.

During any Video Review, no substitution is allowed from any of the re-entry areas before the referee communicates the decision after the Video Review.

The referee who is not reviewing VAR should control the players of both teams so that they can take up the correct positions in the field.

5. NO REASON FOR PROTEST

The result of a match should not be invalidated because of malfunction(s) of the VAR technology, wrong decision(s) involving the VAR, decision(s) not to review an incident or review(s) of a non-reviewable situation.

6. VIDEO REVIEW REQUEST

Post-match reviews will only be accepted on the request form provided by World Aquatics no later than 30 minutes after the game in which the incident occurred.

The TWPC does not review any incident if there is no official request from a team.

After the match a team, which was involved in the game may request a Video Review. This request may be done under the same conditions as filing a protest form after the match.

Cameras

1. Four cameras on the goal lines, two per goal. The location of the cameras should be at the edge of the pool or under referee's catwalk at about 1 m above the water level
2. Two cameras shall be fixed on the same side of the jury table. Each camera should film each a half of the field of play accordingly. The location of the cameras shall be that provide the best quality of video recording.
3. One camera is located at the side of the pool opposite to the benches. This camera shall film the entire field of play including both benches. This camera shall be capable to shoot at biggest possible angle (160 degrees is maximum today) with minimum resolution 2K pixels.

2. Order of Games

The Management Committee of World Aquatics Competitions may change the order and schedule of games to meet with requirements of the Host Federation and/or television provided that at least twenty four (24) hours' notice is given.

3. Officials

The Management Committee of World Aquatics Competitions may in addition to other officials appoint the following to assist in the conduct of any competition, namely: a World Aquatics TWPC Delegate, a World Aquatics TWPC Evaluator(s) and Timeout Officials.

4. Tie Breaking rules

General

All matches shall be played in accordance with the World Aquatics' current Competition Rules. Variations on a technical level are possible.

Each game must have a winner. If a game ends with a tie in regular time, the teams must go into a penalty shoot-out according to the Rules.

The matches shall be scored as follows:

- a) win in regular time = 3 points
- b) win after penalty shootout = 2 points
- c) loss after penalty shootout = 1 point
- d) loss in regular = 0 point

Teams' rankings are obtained by adding up the number of points won.

4.1 Tie Breaking Rules, Group phase or Round Robin Tournaments

4.1.1 If two (2) teams shall have equal points, further classification shall be established as follows:

The team winning the game between them (including penalty shoot-out if any) shall be placed higher.

If there is more than one tie in a group, the highest placed tie shall be determined first.

4.1.2 If three (3) or more teams shall have equal points, further classification shall be established as follows:

The results among the tied teams shall determine which

team is placed highest.

If, at any time during the application of the procedure, the number of tied teams is reduced to two (2), then the above procedure (1.2.1., tie between two teams) shall be used to determine which of the two (2) remaining teams is placed higher.

The comparison shall be made:

first, upon the points of the games among the tied teams.

second, the goal difference (excluding the goals from penalty shoot-out) among the tied teams,

third, based upon goals scored among tied teams.

If still tied, the games played against the highest placed team (or teams, if tied, the team or teams not involved in the tie) shall be considered.

The first comparison shall be based on goal difference, and if still tied, then based on goals scored.

If still tied, the results against the next highest placed team (or teams, if tied) shall be used in succession until all results have been considered.

If still tied, and there is no practical manner to determine the ranking, the final classification between the teams in the tie shall be decided by coin-toss.

If there is more than one tie in a group, the highest placed tie shall be determined first.

For the purpose of calculating either goal difference or goals scored, the goals in any penalty shoot-out will not be taken into consideration.
